Red Rose Senior Secondary School ... Where dreams come true

President
Smt. Smita Mishra

Under the auspices of the Red Rose school Society, registered by the Act of Government in 1982, the Red Rose Senior Secondary School made a humble beginning with few students only. The founder of the school, Late Smt. Shashi Misra, M.A., B.Ed., who was an industrious lady having a far-sighted vision, set up the school with staunch determination to eradicate illiteracy particularly among the girls because education of girls was not widespread, rather it was too meagre. She worked day in and day out incessantly alongwith her husband, Sri R.C. Misra which resulted to transform her dream and ambition into a reality. Soon within a short span of 26 years, the school culminated into a Senior Secondary School, affiliated to the prestigious Board namely, Central Central Board of Secondary Education, Delhi.

Speedy growth and elevation of the school is the outcome of the trust and confidence, reposed in us by the parents, with regard to quality education, being imparted to their wards. The provision to issue progress report is applied to the students of all classes as it is beneficial in evaluating their progress academically as well as in co-scholastic activities. The students are, therefore, required to be regular, punctual and sincere towards their studies, during the entire session.

The staff of Red Rose Senior Secondary School work with great dedication, co-operation and co-ordination and inculcate in their children a love for our culture and Nation. Their approach is highly practical and pragmatic by tempering justice with mercy, discipline with passion and sternness with love. The teachers are punctual and pleasant, active and disciplined, caring and compassionate, just and full of zest. School has succeeded in providing quality education to its pupils based on spiritual principle, personal and social value, mutual love and respect for fellow being.

We understand the fact that children need special care, motivation and affection so as to develop their innate qualities and talent. We hence provide them play-way and practical techniques, in a jovial environment. Montessori trained and primary teachers of proven ability and pleasing temperament deal with these children, creating in them keen curiosity, develop their learning power and discipline in life. In the senior classes, we put every effort to assist our student to graduate successfully and be an asset to the society. We also provide the environment which is conducive to learning.

Our Honorable Managing Director and Honorable President themselves give special attention to each and every student, whose class and home-work copies are thoroughly updated and checked in order to evaluate the progress in each subject and raise the standard to the desired level of competency. Extra and remedial classes, absolutely free of any charge, are also conducted by the teachers to help the students to make up their deficiencies. We adopt a liberal view in granting admission to candidates unless there are congenit reasons to refuse it. Result of our students in the Board examination of class X and class XII has always been quite satisfactory students are excelling in every field.

We seek co-operation and confidence of the parents which inspires us to impart excellent education to their wards and infuse moral values and high sense of discipline in them.

It is only the ignorant who despise education.

SCHOOL PRAYER

Oh God! Give me clean hands, clean words and clean thoughts. Save me from bad habits that harm. Teach me to work hard and to play fair. Keep me ready to help others at some cost to myself and give me chances to do some good everyday.

Oh God-my Father, I stand before you as your child. I come to take Your touch before I begin this day. Let Your loving eyes rest upon me as I go from duty to duty. I may be blessed by You, whatever I learn and do today.

RED ROSE SENIOR SECONDARY SCHOOL

They will show appreciation for the arts and culture which is part of their holistic development as enriched individuals. They will manifest deep-rooted values through their (gracious) thoughts and actions and display a global outlook through their (gracious) tolerance and acceptance of diversity and differing perspectives.

Mission - To create able citizen for our country and the world

The mission statement clearly reflects our philosophy of education that every child is a gem and the teacher's role is to help each child unleash his potential and fulfill his dream.

AT RED ROSE SENIOR SECONDARY SCHOOL, WE LET OUR CHILDREN DREAM BIG, DO BIG

Esteemed Parents,

We impart sound and value-oriented education to nurture and develop a student academically, intellectually and morally. We believe in excellence in all the spheres of life. Keeping the fee at a reasonable level without impairing the quality of education is our objective. We also believe that education must be humane; it must include not only the training of the intellect but also the refinement of the heart and discipline of the spirit.

High discipline is the keynote of success in every sphere. Without it, there can be no progress. Hence the sense of discipline needs to be infused in the mind of the children.

I, along with my team of dedicated and hard working faculties, intend to work to convert our school into a dynamic center of human growth and fulfillment of aspirations.

Dear Students,

You have dormant faculties. We probe, awake and energise them. This needs your involvement and motivation along with ours. We endeavour to develop your all-round personality. Certainly you will, then, attain the glorious heights of knowledge; be an asset to your own family, society and the nation.

3. You are required to notify the school of any change in the address immediately.
4. You are required to acquaint yourself thoroughly with the rules and regulations of the school as well as other details and to maintain cordial relations with the school staff.
5. Students must not be disturbed in course of studies during school hours by the parents / guardians/ relatives. Parent-teacher meeting is the proper event for holding discussions. However, in case of any exigency, prior permission of the Principal is necessary.
